

DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING
INDEPENDENT STUDY/VARIABLE CREDIT HOUR COURSE APPLICATION
EE 395/ EE 595

Student Name:

Student ID Number:

Supervising Professor:

Course:

Credit Hours:

Semester:

Synopsis of project to be completed by student to earn credit:

***** Please include grading criteria. Attach Additional pages as needed. *****

Note to undergraduate students taking EE 595: The prerequisite for this course is a 2.5 GPA and engineering standing status. EE 595 may be used to fulfill the Technical Elective in the EE course requirements. In addition, EE 595 may also be used to fulfill one EE Technical Elective. However, no more than 9 hours of EE 595 and/or EE 599 may be used to fulfill the EE Technical Elective requirement (for example, one EE 595 and up to two EE 599's, or no EE 595 and up to three EE 599's). If EE 595 is to be used as an EE Technical Elective, approval must be obtained from the supervising professor and the Director of Undergraduate Studies prior to registration in the space provided below.

Approval to use EE 595 as an EE Technical Elective:

Supervising Professor

Date

Director of Undergraduate Studies
